TESTIMONY LETTER

Come and see what the Lord has done

Summer 2020

From the heart

Die Bybel
WOORD
&
Waarheid

Word & Truth

We ended 2019 with grateful hearts as we looked back at how much we have grown and learnt. We are grateful in knowing that we are being pruned and as a result have new life and more wisdom. We were put on a road forcing us to focus on what is important.

Our main goal is to spread the wonderful news of Jesus's love and salvation.
We are very excited to focus on God's Word this year.

Colossians 3:16 teaches us that the word of God must be in our home, our hearts and minds and must remain with us all day. We also have to teach others with insight, wisdom and grateful hearts.

In every program at Ma's-vir-Wellington we are going to emphasize God's Word.
We are going to sing, pray, draw, dance, declare, and meditate the Word. Our goal is to make sure that God's Word becomes a part of our daily lives.
We read in the book of Ephesians that we must cleanse ourselves with the Word. We have to make sure that we wash the world away and exchange the thoughts and actions of the world with the truth of God's Word. God's words as recorded in the Holy Bible, must be in our thoughts and minds daily, and we have to remember that these words were given to us to give us life, strength, wisdom and a life full of gratitude and joy!

With our new focus and passion to learn from God's Word, we invite you to come and visit us and sit in on one of our programs. Feel free to join us anytime, and help us by spreading the good news of Jesus's love.
I end with the same words we end every children lesson at Ma's-vir-Wellington, and what we will focus on

this year:

Go out and spread the good news of Jesus's love to the world!

Regards.

Supersterre Children's Ministry

2020
... A new beginning
Ma's vir Wellington

A new year – a new start

We were blessed with 67 new children that joined our program this year. This brings our Superstar program to an amazing 136 children as 85 kids left us at the end of last year. This is a huge amount of new little faces. Our prayer is that our Heavenly Father will guide these kids to give them a head start from an early age, and that they will follow Him.

A sea of new faces

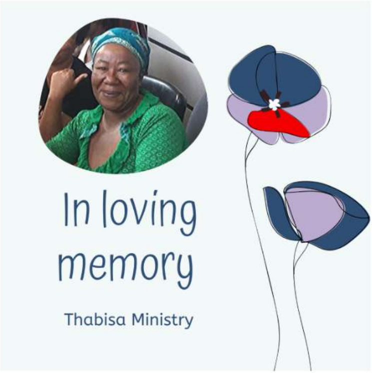
This term our focus will be to get to know our friends and teachers. The children will get into a routine with their new groups, learn their place at the table and learn to make new friends.

It is still very difficult for some of the little ones to say goodbye to their parents in the morning and trusting that they will come back to get them. However, we know that after all the tears there will be a happy child that will meet his or her parents again in the afternoon. One of our little girls was so excited to see her mother, and greeted her with the following: “Mommy, this is a "Lekker" school”!!

At the beginning of the term we will learn how to listen to our teachers, how to follow and obey rules and how to be obedient. We will teach them to be aware of what they say when they speak, as we can not take back words that has already been said.

Thabisa Women's Ministry

It is with great sadness that we had to say farewell to Anneline, one of our most committed and involved ladies in our Women's Ministry. She had so much love for everyone that attended our bible study group. Anneline was laid to rest over the new year. Her heart belonged to the community, as she was always willing to help and serve. We are at peace knowing that she knew her Saviour and know that she chose to spend eternity with Jesus. We will honour her memory forever.



Avodah:

For the Intellectualy Challenged

The Avodah team is ready for the new year and welcome three new members to our team. If there are anyone that would like to volunteer and be a part of our group, please contact Surette Moggee on 0834225530 or on surette@masvirwellinton.co.za

Community Involvement

Leather shoes for all the clever kids

As per previous years, ***MOSSOP*** generously donated 89 pairs of genuine leather shoes to the kids that was ready to take their first step into primary school. Every child also had the opportunity to look tidy and well-presented when they arrived at school with a new school bag and the all the necessary stationary. A big thanks to ***Agri Technovation***, and all the others for supporting our kids with your warm and thoughtful donations.

At the end of last year all our "School Leavers" was completely equipped with everything that they will need during their first year of school including a new school bag and the all the necessary stationary.

Thank you ***Agri Technovation*** for your warm and thoughtful donation.

Children's joy during the festive season

These faces already tell the whole story! Together with the **December Food Project** and the generous hearts of the community we were able to generate four central "light house" stations where the children were able to receive healthy food twice a week. We encourage the parents to still take full responsibility when it comes to feeding and raising the kids, which is why we do not distribute food every day. Part of the donation was a gift to every child honouring him for the hard work and commitment at the Children's Ministry as well as the ECD (Early Childhood Development Program).   The excitement was visible on everyone's faces, and those of us who were privileged enough to distribute the gifts realized once again: **GIVING IS BETTER THAN RECEIVING.**

A Christmas concert where our kids play-play learn about the birth of our King Jesus
