

GOD'S KINGDOM STRETCHES OVER CONTINENTS

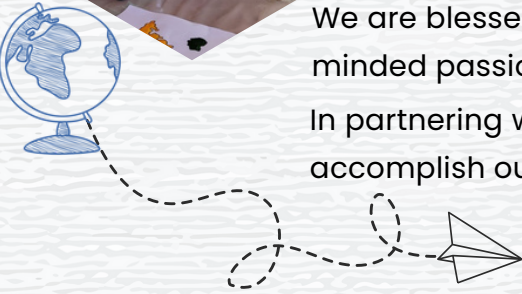

"But seek first the kingdom of God and His righteousness, and all these things shall be added to you." Matt 6:33

The Kingdom of God is not some place you go, but something that arrived through Jesus. This is the good news of the Gospel and the command that Jesus gave us, to bring to the world.

We are blessed to build God's kingdom over continents and taking hands with like-minded passionate people from USA, Britain, Germany and Ireland.

In partnering with our local community and friends from abroad - together we can accomplish our mission to bring Jesus to the world.

Stephanie Henderson
Founder & CEO

USA

Ma's vir Wellington's Supersterre ECD connects with Hopewell's Christian Preschool in USA. When teachers and leaders have the same heart, same goals and believes, it is amazing to see how God's Kingdom stretches over continents, into classrooms, and into children's hearts.

Germany
Kluempfen-leather from Germany is a great support to us in funding and supporting our Feeding Project and supporting us in our Annual Winter Project.

England
The Garden Route Children's Trust, or GRCT for short, is a UK based charity which was founded in 2006 with the aim of alleviating poverty amongst children in South Africa through the provision of food and education. Ma's vir Wellington are privilege to use E'pap in all our programs. We can see the change in the overall health of our children.

Ireland
Tiglin, a registered charity that provides residential rehabilitation programs for men and women in addiction or homelessness in Ireland, reached out to our programs. They took part in some craft activities with the disabled group and joined the Children's Ministry for their programs. These men have an overwhelming need to give back, get direction and be part of something meaningful that gives them self worth.

SUPERSTERRE CHILDREN'S MINISTRY

Our Supersterre program is running at full capacity, and we are very excited at the privilege to be able to make an impact on these precious children's lives and circumstances.

We are astonished by the growth and development of these children even though they only attend this program once a week. The more hands-on approach of the Tannie-Mammas and the lesser number of children (2-3 kids per adult) makes it a more approachable learning and teachable atmosphere and environment. The children are flourishing in the abundance of love and encouragement that they receive in this program.

This term, besides the teaching of biblical scripture and values through interactive teachings and demonstrations, our focus is mainly on colours and shapes during activity time. Most of the children still struggle to recognize their basic colours and shapes and will be focused on next term.

Stories of HOPE

We were able to start a course for the parents of the Children's Ministries children to teach them the same biblical principles (Hope4Parents) as what their children are receiving. This term we were blessed with Bibles to give to these parents.

"My 3-year-old attends the Supersterre program at MvW and loves it there. ** Annie makes my son feel secure and welcome each morning when I dropped him off and always gives me feedback about his morning. The children sing songs, learn scripture, do "school" readiness activities, and create art. My son's vocabulary has broadened and his confidence has grown due to his interactions with his peer group and all the love he receives from all involved with the program (from Tannie-Mammas to the staff). Ma's vir Wellington has created a gentle, fun, and caring environment." ***Rendel van Wyk

Due to a generous donation from Kluempen-Leather, each child in the program received a track suit, socks, rain jacket, underwear, sleeping bag and knitted jerseys and beanies from our own community. More about this and photographs in our next newsletter.

As a team we focused on unity, teamwork and building Kingdom.

We are so privileged to uplift and equip volunteers in the community to do Kingdom with us.

SUPERSTERRE ECD

The Ma's vir Wellington ECD team are proud to announce that we are registered at DSD. The process could not have been done without the help and support from Inceba and the Vangasali Project.

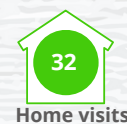

This term we focused on training and equipping the assistant teachers who volunteer at the school.

Amazing Brainz gave us the opportunity to train 4 more assistant. These assistants had their first practical class and evaluation, and passed with flying colours. In addition to this, we had a Trauma sensitive Classroom workshop at Learn2Live.

Term 2 is evaluation time. The teachers focus on the specific developmental areas and weekly observations are done with each child to track program specific outcomes. We could establish that many children struggle with basic puzzles and fine motor skills.

March - May 2022

AVODAH

The Avodah program moved from our previous venue at Ma's vir Wellington's office to Le Bac Estate on the R44 Malmesbury/Paarl Road. We are partnering with Shofar Church to use their Lapa building as a new venue to this ministry for three days a week. It took some time for the members to adapt to their new and unknown surroundings, but are now flourishing in this tranquil environment.

March - May 2022

Stories of HOPE

The Winter Project is just another success story as there was provided in winter clothing for all 17 members. Each member received a warm puffy jacket, knitted beanie, socks and rainboots. We are so thankful to our sponsors.

During the daily bible study sessions, we encourage the members to share any needs they are trusting the Lord for, as well as focusing on what they can be thankful for. We prayed for mattresses and beds for 4 of the members who had to sleep on the ground. The Lord provided in all our needs and we are happy to say that all these members are now sleeping off the cold floor.

WOMAN'S MINISTRY

There are currently 42 beneficiaries (Tannie-Mammas) serving in all our programs. These ladies have been part of this community for many years.

We value these ladies and celebrate the role they play in all our programs. Some of these ladies have served with us for the past 15 years. We love spending time with each one of them - praying, celebrating, crying and doing life together.

The focus of this term's WOW (Women of Worth) gathering, was preparing for the King and getting close to Him. Esther depended entirely upon the Lord's unmerited favor. When she rested in the Lord and humbled herself, the Lord promoted her and exalted her above all the other beautiful women. God resists the proud and gives unmerited favor to the humble (1 Peter 5:5).

COMMUNITY OUTREACH

The Community Involvement Project collaborates with individuals, churches, schools, businesses, and other NGO's. Specific needs are met to come alongside with Ma's vir Wellington to ensure we can support and care for children and families in times of need and crisis.

This term we also had the privilege to assist families in crisis and need not involved in our programs.

Out the bowl Africa sponsored two "potjiekos" cast iron pots. We were able to feed 200 people of our beneficiaries and some other community members.

We were able to contribute to people in need:

- Men's clothing and shoes to **Walk on Water Ministries**.
- Soup mix to **Gratefulness Soup Kitchen** in Mbekweni.
- Older children books to **schools** in the area.
- Pap and food items to a **creché** in Mbekweni.
- School shoes and clothing to **Mosaic Afterschool** program

To build Kingdom in community, NGO's need to take hands, be in unity and work together with what God gives us. We cannot build our own kingdoms. We are here to advance His.
